www.sfacc.org

We at St. Francis of Assisi Parish are a community of believers, dreamers, and doers, centered in the Lord Jesus.

We follow the humble example of our patron, St. Francis, striving to live the gospel way of life.

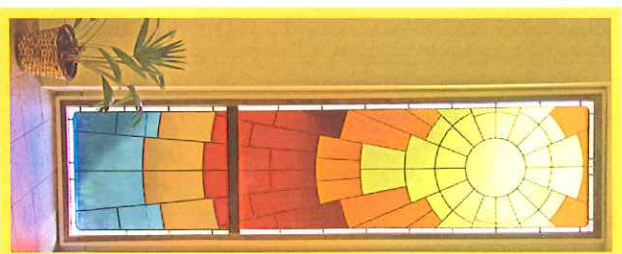

We welcome stranger and friend alike sharing our lives and resources with all people.

We are stewards of creation, and peacemakers whose message is one of joy and simplicity.

Parish Mission Statement

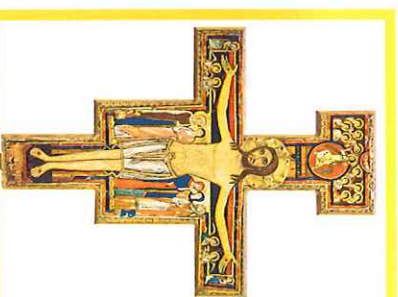

Parish History

St. Francis of Assisi parish was established in 1969 under the administration of the Order of Friars Minor, the Franciscans. For the first five years, we utilized the facilities of St. Leonard Seminary until our own church was built here on Wilmington Pike in 1975. Recently, in 2002, we broke ground for a larger church with additional facilities. It was the same year the Franciscans returned the pastoral care of the parish to the Archdiocese. The Order opted to revert back to their roots as missionaries and preachers. Our new church was completed in 2004.

Our parish has continued in the spirit of St. Francis, whose main tenet was service. From the beginning our parish established

programs to fulfill the spiritual and communal needs of all the parishioners from Baptism to Bereavement. We look for further ways to make our parish a community of believers, dreamers and doers.

SAINT FRANCIS OF ASSISI CATHOLIC CHURCH MINISTRY LIST
