

St. Francis of Assisi Catholic Church

Catholic Elementary School Subsidy Policy

February 18, 2021

St. Francis of Assisi Church financially supports the Catholic elementary education of our parishioners children whose family has been registered for at least one year at St. Francis, and who is actively participating in the life of the Church.

This support comes yearly in the form of a tuition subsidy which is paid directly to the elementary school of the student. St. Francis subsidy is available to children who attend any Archdiocesan Catholic Elementary School (grades K - 8). St. Francis dedicates a percentage of our yearly budget (hard number) for this purpose.

The tuition subsidy is the difference between the full cost of the students tuition and the associated in-parish member rate at the school.

Special Note

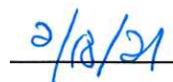

If in any given school year, the total of the requested tuition subsidies should exceed the parish budgeted amount, the families will be required to make up the shortfall.

Annual Statement of Review

I, Fr. Brian Phelps, the pastor at St. Francis of Assisi have reviewed this, our Catholic Elementary School Subsidy Policy, and after discussing it with the parish business manager, hereby approve its distribution immediately for the 2021 - 2022 school year.

Rev. Brian Phelps
