

The 1st Conversation:

Praying for our personal needs.

This 1st Conversation will lead us into sharing our personal needs. Not those of our family and our friends, but our own personal needs. Be real. We are asking you to be vulnerable...as vulnerable as you can risk at this time. We know this may be challenging and uncomfortable.

After listening to each person's needs, we will go around the room and pray for each others needs and ask God to work in each person's life. We are striving for a type of prayer that is relationship-building and communal.

The 2nd Conversation: Sharing our faith journey.

Many of us have probably never had the opportunity to share our faith journey with another person. That is the focus of the 2nd Conversation. Again, we are asking you to trust your small group with your personal faith story.

Everyone will give a brief summary of how you came to know Jesus, how He's worked in your life, and where you are now in your personal story. Top your story off by letting your small group know where you hope this faith journey takes you. We aren't asking for every detail, but simply a 5-10 minute sharing. We don't want you to overthink it or over-complicate it. Just keep it simple.

After hearing all these stories of faith, we will again go around the room and pray for one another.

The 3rd Conversation Living my ministry and mission.

The focus of this 3rd Conversation will be how the work we do and the way we live contributes to the ministry and mission of the Church. How do you personally help bring people to Jesus? What do you do that has the biggest impact on people's faith lives?

Our goal here is to help you see how you can (and already do) witness the faith to others in your lives, no matter what your role at the parish or within your family.

We will close this conversation by praying for each other's specific needs and desires in their efforts to evangelize those around them.
